## **Student/Teacher Ratios**

Student/Teacher Ratios are calculated by dividing the fall enrollment count by the number of full-time equivalent teachers. Full-time equivalency (FTE) is the amount of time required to perform an assignment stated as a proportion of a full-time position, and computed by dividing the amount of time employed by the time normally required for a full-time position.

The following report provides student/teacher ratios for all public and accredited (by the Montana Board of Public Education) nonpublic schools.
